

EcoSlim and EcoPlus Luminous SkyCeiling Maintenance

Cleaning and maintaining SkyTiles

- Avoid scratching SkyTiles when cleaning.
- Once installed, SkyTiles can be cleaned in place.
- Use a mild soap & water solution, and a soft, non-abrasive cloth.
- DO NOT wet the edges of SkyTiles. Water may cause the image film to de-laminate.

Cleaning and maintaining Sky Factory elevators

- Elevators are powder coated for durability.
- However, because they sit against the SkyTiles, clean them in the same way.

Cleaning and maintaining the light box

- Light box is maintenance free for the life of the LED's.
